

Wortham and Burgate Community Hub Survey Results

Thank you to all those who responded to our survey. In total we have had 172 households submit a return, a combination of electronic and hard copy. There are a small number of properties that those delivering the surveys reported back are empty (5) so the return rate was just over 43%.

Highlights from the survey

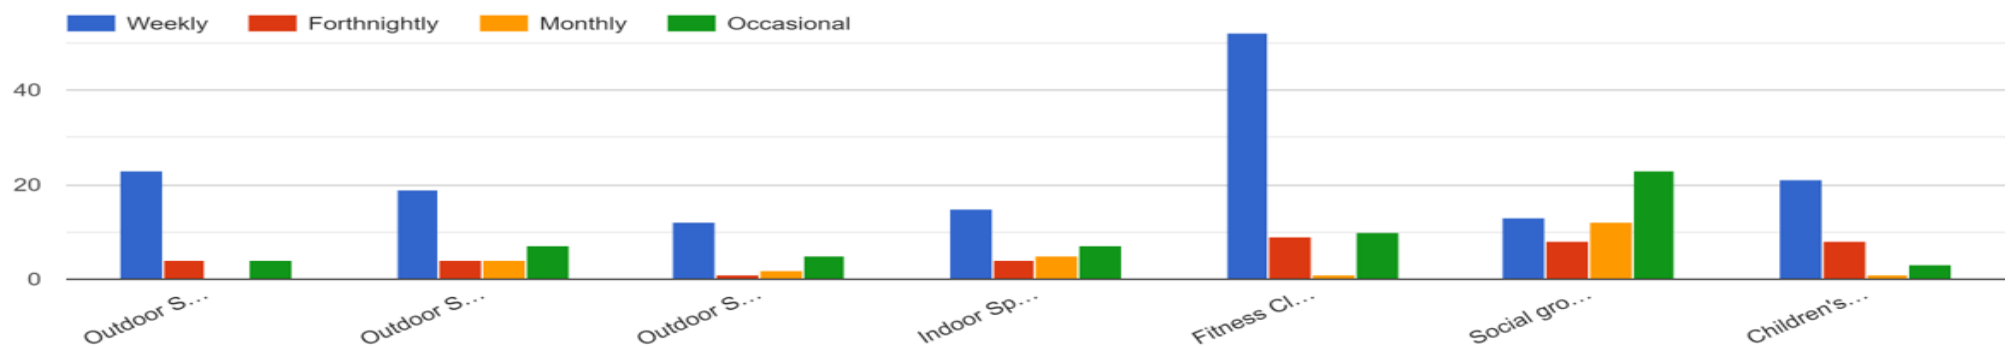

Question 1

Please indicate below all the members of your household who fall within the listed age ranges.

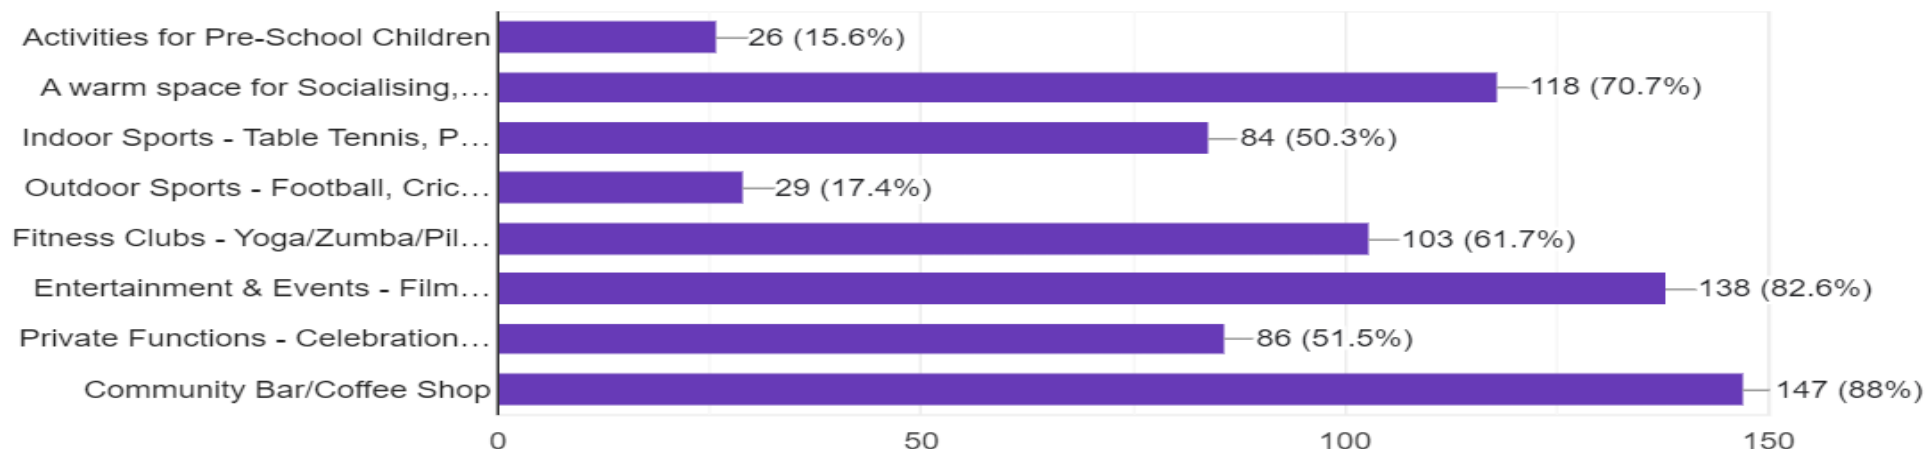

Question 2

Which of the following activities do members of your household family take part in, and how frequently?

Question 3

Our objective is to provide the facilities which local groups, clubs etc. can utilise to provide activities. Please put a tick in the following list of the type of activity your household might use in the new hub.

Question 4

This was on specific use, we have 73 responses which can be looked at by the working party if we decide to proceed. Many are based around the bar and entertainment along with some specific activities.

Question 5

Is there any activity or group that you currently run or would like to run in the new Hub?

There were fifteen responses here, these will be looked at by the working party.
